

**Don't be PUSHED to sign ANYTHING  
before you...**

**THINK!**

Don't sign petitions that seek to:

- Redistrict mid-term, using 2000 census figures that are out of date.
- Take away survivor benefits for family members of our public servants, including firefighters and police officers
- Destroy public pension funds by giving our teachers and other public workers' retirement funds to corporations
- Our state is currently running a deficit of up to fifteen billion dollars. This unnecessary election will cost \$70 million, adding to that debt.

**READ!**

**Inform yourself; read how the Governor is *misleading* you! Go to:**
