## 56 days until November 3rd, 2020

"Years from now, this moment will have passed. And our children and our grandchildren will look in our eyes and ask us: Where were you when the stakes were so high?

They will ask us, what was it like? And we will tell them. We will tell them, not just how we felt. We will tell them what we did." - [Sen. Kamala Harris's acceptance speech](#) for the vice presidential nomination.

Dear Democrat,

First, we want to say thank you. Thank you for your involvement, your perseverance, and for caring about our country.

It's been a long four years, and the November election is just 56 days away.

Last month, at the presidential nominating conventions, we saw two starkly opposing visions for America, one based on lies, fear and division, the other on truth, hope and compassion.

Trump has continued with his divisive tactics by fanning the flames of unrest after the police shooting of Jacob Blake. And just days ago, we learnt of his outrageous statements towards our military.

Events are moving fast, and while Joe Biden holds the lead, the race will likely tighten and [much could change](#) between now and November.

We must fight hard and fight to the finish.

So we ask you today to redouble your efforts over the next 56 days, so that years from now, you can tell your children and grandchildren not only what you felt in this moment, but also what you did.

### **Get out the vote**

In August, with the help of a new Biden autodialer, our Sunday/Wednesday/Friday [phone banks](#) nearly tripled their total calls from 15,000 to 41,000.

And our [postcard-writing events](#) are on track to finish 10,000 postcards by the end of the week.

But now is not the time to slow down. Please consider joining or renewing your commitment to our remote campaigning events targeting this and other

states. Or join one of the GOTV events listed [here](#).

Other things you can do:

- Recruit a friend to activism
- Encourage friends and family to vote. Californians can [register](#) and cast ballots all the way through Election Day
- Vote early when you get your mail-in ballot, so your vote gets counted quickly

## Act locally

Change begins at home.

So if you care about housing, homelessness, traffic, police use of force, how our schools meet students' needs in quarantine, or how water quality is ensured and open space protected, join [our phone banks](#) to elect progressive Democrats locally.

The Party has endorsed a diverse array of candidates for local office, including [Otto Lee](#) for County Supervisor (District 3), [David Cohen](#) for San Jose City Council (District 4), and more than 70 candidates for city council, school board, and special district boards throughout the County, along with local measures.

## Donate

If you cannot participate in remote campaigning, consider giving.

Last week, the Biden campaign spent \$18 million on TV ads, outspending the Trump campaign by 10 to 1. But there are still 8 more weeks till the election. Help reach key voters in battleground states by donating to [the Biden/Harris campaign](#). Or to the funds to:

- [Flip the Senate](#)
- [Hold the House](#)
- [Re-capture State Legislatures](#)

## Act!

It's difficult not to feel overwhelmed with so much strife in our world today. After all, we're all just one tiny piece of this country.

But if each of us does what we can, when we can, our collective efforts can save this country.
