Statement of the Santa Clara County Democratic Party on the Election of Joe Biden

Americans have spoken. Voting in historic numbers, they have by an overwhelming margin chosen Joe Biden as their next president - a candidate who will bring experience, empathy, and respect to the immensely powerful and important office of President of the United States.

And they have chosen California's own Senator Kamala Harris as their vice president. Senator Harris embodies so much of what makes California great. We are proud to elect America's first female, first Black, and first South Asian Vice President, and to share with the country and the world who she is and what she represents and everything she has such extraordinary ability to do.

This victory belongs not just to Joe Biden and Kamala Harris, but to everyone who knocked on doors, made phone calls, wrote postcards, and contributed their hard-earned money because they believed in restoring decency, moral leadership, and justice for all Americans. Together we celebrate this victory, and together we will work towards realizing President-elect Biden's vision for a better future for all Americans.
