

Resolution on Capitol Security

WHEREAS there are grave concerns regarding the security within the Capitol building; outstanding questions on how the Capitol Police failed to protect Members of Congress, their staff, and other fellow officers from domestic terrorists, and were so easily overrun by white supremacists and other terrorists, who may have been provided assistance by Members of the Capitol Police; the terrorists were allowed to walk away with few arrests; and that this, almost entirely white, group of terrorists was treated far differently than the peaceful, unarmed Black Lives Matter (BLM) protesters;

THEREFORE BE IT RESOLVED that the Santa Clara County Democratic Party supports immediate Congressional and judicial investigations into the terrorist incident and particularly the actions of the Capitol Police.

Adopted by the Santa Clara County Democratic Central Committee on January 7, 2021 with final edits approved by the Executive Board on January 10, 2021
