

California Rejects Republican Recall

Dear Democrat,

Recall Win: Why it matters? What it says?

The attempt to recall Governor Newsom was turned back because Democrats like yourself rallied to get out the vote! We've shown Democratic policies save lives - and that we can take on Republicans.

Governor Newsom has signed legislation that will [create more affordable housing](#), has added the [COVID vaccine to the list of vaccines required to enter school](#), and has designated [\\$15 billion for our wildfire, climate change response](#). All of these things, and more, are because of the work you did to beat back the Republican Recall.

Now it's time to gear up for nationwide efforts in the 2022 elections. From local candidates to GOTV efforts in other states, we're going to be involved! You are part of California leading the way in 2022! Find actions you can take now at this link: <https://action.sccdp.org/>

As we get closer to 2022 there will be opportunities for you to continue to make a difference in states that have Senate seats up. Postcards, phone calls, texting, it all helps us to victory.

Did you know....
